Dear Sir

Health and Safety Performance - Goldthorpe, Barnsley LIFT Sites

On behalf of Bluestone Plc (North), I would like to thank you and your staff for the manner in which they completed the contracted works at our site at Goldthorpe.

Maximum scores in the health and safety section of our contract review are few and far between and you should feel justifiably proud of your contract and site staff who did a marvellous job.

As I hope you are aware, Bluestone Plc are committed to improving health and safety throughout our operations and whilst sometimes quick to chastise, we do recognise the importance of praise when due. We also recognise that we are not perfect, so if you have any suggestions (from this or other contracts you have completed for Bluestone Plc) you feel would improve our safety performance, please contact the undersigned at your convenience.

Once again, many thanks and we look forward to working with you in the future as the need arises.

Yours faithfully

Geoff Sellers
Health and Safety Adviser
